

GRANT COMPLIANCE SERVICES

a PNO grants management & compliance company

Execution of your grant projects: What challenges await you?

With over 30 years of experience in grant consultancy, ffiqs has a proven approach to support companies in realising their grant projects.

Which grant obligations do I need to meet?

ffiqs will make sure you are properly informed about the financial, administrative and reporting obligations during the implementation of your grant project. Based on this information, you will be able to set up your project organisation and procedures correctly.

Who do I report to and how?

ffiqs assesses your processes, administration and reporting to ensure that you are complying with all obligations. You remain responsible for setting up your project administration and reporting.

How do I set up my project administration?

ffiqs provides advice on setting up your financial project management, administration and reporting procedures. We make tools available and train your project staff. You carry out the financial project management yourself.

How do I maximise my grant income?

ffiqs takes care of the entire implementation of your financial project management; we ensure the implementation of the project administration and prepare and submit the interim and final reports for you.

About ffiqs

ffiqs was founded in 2018, which means we are still a young organisation, but one with more than 30 years of experience! That is because before ffiqs was established, our experts were employed by PNO Consultants, market leader in the Netherlands and Europe in the field of grants and innovation.

That ffiqs was founded in 2018 is no coincidence. That was the year in which the GDPR came into force in the Netherlands and the rest of the EU, and because grants management frequently involves the use of personal data, PNO decided to place its grants management activities in a separate company: ffiqs.
